

Educare Learning Center Summer 2020

The summer program will provide multifaceted experiences enjoying all that nature has to offer. Children will participate in exciting outdoor experiences on our wooded property, 6 acres of nature-enriched playgrounds, and our Discovery Walk path.

Insects, water life, plant life, forest animals, and reptiles will be the focus of our summer-long study of Nature. In addition, children will enjoy Water Play Days, Discovery Walks, Food Fun, Music Classes, and special events. Preschool through school-age will participate in off-site field trips and all ages will enjoy on-site special events.

Summer Activities Include:

Curriculum Enhancements

- Gardening Experiences
- Weekly Water Days
- Food Fun Days
- Discovery Walks
- Weekly Music Class
- "Nature-al" Art Projects
- FCPL Bookmobile Visits
